Allow your child time  
to explore, to play, to learn.

# How do we work in Nursery?

Children experience a mixture of methods for teaching and learning:

- \* **group sessions**, where we focus on a particular aspect of learning, such as phonics, circle time or number work.
  - \* **child led activities** which are carried out independently, or in small groups.
  - \* **focused activities** in a small group led by an adult.
- Children have opportunities through the day for adult led and self-initiated activities, both indoors and outside.

# Outdoor Learning

Outdoor play is an important part of our learning and children will be going out in all weathers.  
Children can access all areas of learning in our outdoor areas.

# Communication

We will post 2 tweets every week, giving you a small insight into what the children are doing at Nursery that week. We also put important information on the whole school newsletter which is emailed out weekly.

Please make sure that school have the relevant email addresses and the twitter page is @NurseryWoodley

Thank you for listening. We are really looking forward to getting to know you and your child on the start of your journey at Woodley Primary.

More information will follow with regards to settling your child in September.

Learning is their journey.  
Let them navigate.  
Push them to explore.  
Watch them discover.  
Encourage their questions.  
Allow them to struggle.  
Support their thinking.
